"Let us all speak, act and serve together."—PRESIDENT WILSON.

THE National Arts Club of New York City through its American Artists' War Emergency Fund Committee has developed a plan, the object of which is two-fold—the arousing of interest in the vital necessity of making our Earth contribute to the utmost its farm products for the maintenance of our armies and the peoples of the world for whom they are fighting—and to create a fund through the sale of "Service Together" seal stamps for the assistance of American Art Workers (or their dependents) who, because of their entry into the war, or through causes connected therewith may need help.

But something is not asked for nothing. The men and women by whom the fund has

been started do not solicit charity. They ask you instead to buy a handsome "Service Together" Stamp which has just been issued.

The Stamp, by Mr. Eugene F. Savage (Prix de Rome 1912) is most attractive in color and design. It expresses the spirit of President Wilson's famous slogan "Serve Together," and symbolizes the relation which exists between the farmer who supplies the food on which the nation exists, the soldier who defends the flag, and our common country.

Can we not serve together for a splendid purpose? Will you buy and help us sell these stamps? Their cost is trifling, their purpose large and noble. Each stamp bears a message of patriotism and aids a needed fund. May that message win through to your heart and pocket, and in behalf of the object described bring forth a prompt and generous response.

Stamps may be ordered at the rate of one cent each in quantities of twenty five and upwards. Amounts for less than \$1.00 may be sent in U. S. postage stamps.
